

Laminate Finishes

A wide range of plastic laminate finishes are available for the enoround and enomove models.

The following samples are standard stock that can be supplied within normal delivery times by the factory. Other finishes may involve additional costs and additional time to source the materials – please consult with Enomatic for specific details.

STANDARD LAMINATE FINISHES

		
1614 Sei Due	1637 Soft	1643 Soft
		
1365 Soft (Oak)	323 Nutshell (Dark Oak)	421 Sei (Black)

Please Note:

- The finishes as view on screen and printed will be approximate matches to the actual finish.
- Larger areas of a colour/finish always look lighter in colour than small samples.
